Dr. Matthew Arau, Upbeat Global
- b. Letter concerning behavior at the AMAC
Due circumstances that happened last year at the AMAC there will be a letter read to each honor group at ISW in 2026. Students must adhere to the rules stated in the letter or KMEA will not be able to use the AMAC for future conventions.

- c. State Executive Council asking for fee increases.

Due to Covid and not having the ISW in 2021, State Executive Director, Craig Manteuffel stated the following at the State board meeting in June:

KMEA aims to stay financially stable. We must have investments that equal the cost of one In-Service Workshop. Rising costs----including a \$36,500 increase this year—are straining the budget. Our investment account remains \$30,000 below pre-pandemic levels.

The KMEA Executive Council sees the need for a fee increase to help cover costs. For more details, go to Addendum A in the June 2025 Board Book (<https://ksmea.org/archive/>, click on 2020+, click on “2025”, click on :KMEA Board Book 2025_06, go to page 71). These adjustments are essential to cover growing expenses, sustain In-Service Workshop excellence, and resume contributions to KMEA’s long-term investments.

If a student is unable to attend Live Auditions due to a conflict with a KSHSAA event or the FFA State/National Band that takes place the same day, the musician will be allowed to make a single recording of the required audition materials with the District Chair. Recordings made by the student's director will not be accepted.

*****Requirements:**

1. The musician's director must register for audition, as usual, through the KMEA members portal.
2. The recording will take place the Wednesday evening before District auditions. Thursday will be the weather contingency date.
3. The recording session will be held at Quinter High School.
4. The student and director, or school designee (non-parent) must be at the recording session.
5. The musician's director will contact the District Chair by the Friday, the week before, the District Auditions to schedule a time for recording the audition-a 20 minute time slot will be

allotted. (This time slot would include their audition warm up as well as the actual recording of the audition.)

6. The choir audition materials will be the State Audition pieces.
7. A warm-up room will be provided.
8. The musician will make a single recording of the required audition material. (No do overs or retakes. Recordings will be unedited nor will they be allowed to have any kind of enhancement added during the recording process. This will be a “one shot” recording, just like the live in-person audition.)
9. The recording will go along with the continuous play of the Choir audition as presented in the state audition cut.
10. When the student musician’s recording is played for the judges at the live auditions, the judges will score the same sections of the auditions performed by students auditioning at the live-audition session.
